

WORLD HISTORY – SIXTH GRADE BIOGRAPHY POSTER PROJECT

A biography is a written account of a person's life. Use the list provided in your textbook on page xi (under Features at the beginning of the book) and read about the famous people listed. Select one to research for your project.

You will need one poster board for this project. On the front side of the poster you will put the title of the project – the name of the person you selected. Use the information in your book along with information you find on the internet and write a report. This report is to be typed (double-spaced) or printed neatly in ink. Mat (back) your report with colored paper and attach it to your poster. You will also include pictures or illustrations that represent your person. These may be printed or done by hand. Each is to be matted and attached to the front of the poster. On the back of the poster you will put your heading in the upper left corner. The poster may be vertical or horizontal.

Presentation of material is very important. Make this as neat as possible and be creative with your project. Matting, good lettering, and color add to the over-all appearance of your poster. You will be graded on neatness and following directions.

This project will count as **two test grades**.
