

WORLD GEOGRAPHY HONORS  
CITY NOTEBOOK PROJECT

CITY:  
DATE DUE:  
NOTEBOOK SIZE: ½”-1”

Place the name of the city on the cover of the notebook. Make your cover as creative as possible.

**First** is a **title page**. Be sure this is double-spaced. See format below.

**Second** write a minimum of two pages on the **early history** of the city. Make sure you include the date the city was founded. Have an introduction and conclusion for this section.

**Third** write a minimum of one page on the **city today**. Tell me about the economics of the city, culture today, business, etc. Also, have an introduction and conclusion.

The **Fourth category** should include the following in the order I have listed. Use **complete sentences** for this section as well as the rest of the project.

**Current population figures**

**Explain the type of city government (not the national government)**

**Language or languages spoken**

**Climate type; high and low temperatures; average rainfall**

**Major religions found in the city**

**Fifth** include a list of **ten attractions** found in the city. Give information on each.

**Sixth** include a **poem** about the city; include the author's name. If you cannot find a poem, you may include a section from a novel that describes the city, include the name of the novel and the author's name, or you may use a song about the city. Whether you have a poem, excerpt, or song your piece must mention your city. Cite the source at the bottom of the page. (Where did you find this?) On the next page write a paragraph analyzing what the poem, novel, or song is talking about. (What does it mean to you?) The title for this page is Analysis.

**Last** include **5 pictures** of the city with captions under each picture. Do not put more than two on a page. Have nice sized pictures, please.

Have a **title page** for each category.

Make sure everything is **typed and double-spaced**. Use 12 pt. Times New Roman font.

**Be creative** with your pages in your notebook. **DO NOT** just hand something in printed off from a source on the computer. I will take points off.

**DO NOT** use red or black construction paper.

**DO NOT** laminate or use plastic cover sheets on this project.

**DO NOT** cut pages down.

This will count as two test grades.

You will be graded on neatness, creativity, correct information, following directions and detail of information.

See following pages for format information.
