

SAT Project  
Due Thursday, September 29

This project is over your plans for your future. It will need to be on at least a half sized poster board. You will be researching three Colleges/Universities that you are considering attending. For each College/University you will need to find the following information to include on your poster:

- Choose a couple of different majors you are thinking about...does each school offer that major or all majors?
- What SAT score/GPA do you need to get into each school? ACT?
- Do they look at the writing section of the SAT?
- What is the population? i.e. male to female, age range, commuter campus?
- How many students go to each school?
- How many students do they accept each year?
- Do you have to live on campus? What are the living situations in general?
- When do you need to apply?
- Is there an application fee?
- Do you need references to apply?
- Do you have to write an essay to apply? If so, do they say what you will write over?
- Any other information you thought was interesting or important.

You will need to cite the sources you used on the back of your poster board. Also, put your heading on the back of the poster board. Make sure your poster is neat and looks appealing. You will be graded on content, creativity, and the overall look. Be sure it is organized. Good luck!
